

A world leader in digital security

The Kudelski Group (SIX: KUD.S) is a world leader in digital business enablement technologies that encompass digital content security, public access, cybersecurity and IoT.

NAGRA provides end-to-end convergent media solutions to the digital entertainment industry including services and applications requiring access control and rights management to secure the revenue in digital television, internet, mobile and interactive applications.

SKIDATA is the world market leader in public access and visitor management with over 10,000 installations in over 100 countries, providing fast and safe access for people and vehicles.

Kudelski Security is an innovative, independent provider of tailored cybersecurity solutions to help enterprises and public sector institutions assess risks and vulnerabilities and protect their data and systems.

Kudelski IoT provides end-to-end solutions, IoT product design, and full-lifecycle services to IoT device manufacturers, ecosystem creators and end-user companies.

A technology pioneer since 1951

The Group's history and heritage is built on the flagship name of NAGRA, originally referring to the world-famous first portable recorder developed in 1951. The company has ever since been a technology pioneer driven by an acute vision and a sharp sense of innovation.

The Kudelski Group is headquartered in Cheseaux-sur-Lausanne, Switzerland, and Phoenix (AZ), USA with offices in 32 countries around the world. For more information, please visit www.nagra.com.
