

## **A world leader in digital security**

The Kudelski Group (SIX: KUD.S) is a world leader in digital business enablement technologies that encompass digital content security, cybersecurity and IoT.

NAGRAVISION and Kudelski Labs are at the forefront of the Group's efforts to develop fundamental security technologies that secure end-to-end ecosystems for media and entertainment, critical infrastructure and aerospace and defense.

Kudelski Security is a global provider of cybersecurity solutions and services focused on protecting data, processes and systems for both the public and private sectors.

Kudelski IoT designs and delivers secure asset tracking solutions for the automotive, transportation, insurance and other sectors, monitoring the location, utilization and condition of goods and equipment.

## **About the Kudelski Group**

The Group's heritage is built on the flagship name of NAGRA, which originally referred to the world-famous first portable recorder developed in 1951. The company has leveraged its history to become a technology pioneer driven by a keen vision and proven innovation.

Headquartered in Cheseaux-sur-Lausanne, Switzerland and Phoenix, Arizona, USA, the Group has a presence in over 20 countries around the world.
